'Packmoor Ormiston Academy offers pupils the opportunity to be physical literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.'

High quality PE is an entitlement for all pupils, regardless of their starting points or their prior experiences of sport and physical activity. The national curriculum states: 'A high- quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically-demanding activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect.'

This PE overview supports and follows the '3 pillars of progression' as outlined in the Ofsted Research review series for PE. Each sport and topic area are chosen to ensure each child can flourish whilst preparing them for the next stage of learning. Competence is also a key feature throughout the curriculum with half termly sport focus areas enabling children to refine and master skills learnt through instruction, practise and feedback. The following pillars are the key focus throughout the chosen sport areas and underpin the whole PE curriculum from Nursery through to year 6. 1-Motor competence- Knowledge of a range of movements that become increasing sport- and physical activity- specific 2- Rules and strategies- Knowledge of the conventions of participation in different sports and physical activities 3- Healthy participation- Knowledge of safe and effective participation. To support the delivery of PE the school uses the get set 4 PE scheme of learning.
