**Inclusive Maths Workshop aimed at parents & carers of
KS2 Children at Staffordshire Chamber of Commerce**

Our aim is to take the confusion and frustration out of maths homework, to help you support your children. So bring them along for the workshop! Pizza provided.

Our workshop will explore:

- + The potential barriers encountered in maths and how to overcome them
- + An introduction to the how children are taught maths in school
- + Example calculation policies
- + Bar modelling - a popular approach to maths problems
- + Making the most of the homework environment

This workshop is supported by DBS checked local teachers, who will be looking after your children during the first section of the workshop.

The workshop will end with a 30min session where our teachers will be on hand to help as you work through example tasks with your child

In partnership with

Staffordshire
Chambers of
Commerce.

Please come along to the North Staffs Chamber of Commerce,
Festival Park, Stoke On Trent.
